NGSA and Center for LNG Joint Statement on the Announcement of Laura Swett as FERC Chairman

(Washington, D.C.) – The Natural Gas Supply Association (NGSA) and the Center for LNG (CLNG) today released the following statement regarding the news of the Trump Administration’s naming of Laura Swett as Chairman of the Federal Energy Regulatory Commission (FERC).

Dena Wiggins, President and CEO of NGSA, said:

“We applaud the Administration for the announcement today and look forward to working with Chairman Swett. Natural gas will continue to play a key role in growing our nation’s economy and powering our industries and our daily lives. As we unleash more American energy, FERC will play a critical role in ensuring the appropriate infrastructure developments necessary to meet these growing demands.”

Charlie Riedl, Executive Director of the Center for LNG, said:

“We applaud the Administration on this announcement and welcome this step to enhancing the role the United States will play in global energy markets. U.S. LNG is growing the economy, empowering our allies, and reducing trade imbalances. As exports continue to grow, we look forward to working with Chairman Swett to enhance certainty and unlock even more benefits from U.S. LNG at home and abroad.”

####

The Natural Gas Supply Association (NGSA) represents integrated and independent companies that supply natural gas. Founded in 1965, NGSA is the only national trade association that solely focuses on producer-marketer issues related to the downstream natural gas industry. NGSA advocates for well-functioning markets that foster a growing, competitive market for natural gas. NGSA is dedicated to achieving a cleaner future through strong partnerships with renewables and supporting innovative technologies and market solutions that reduce emissions. For more information, please visit www.ngsa.org.

Markets Matter: Representing America’s Major Producers and Suppliers of Natural Gas Since 1965

-CLNG-

The Center for Liquefied Natural Gas (CLNG) advocates for public policies that advance the use of liquefied natural gas (LNG) in the United States, and its export internationally. A committee of the Natural Gas Supply Association (NGSA), CLNG represents the full LNG value chain, including large-scale LNG export facilities in the United States, shippers, and multinational developers, providing it with unique insight into the ways in which the vast potential of this abundant, clean and versatile fuel can be fully realized.
