

Charlie Riedl
Vice President, NGSAA and
Executive Director, Center for LNG

Charlie Riedl is the Executive Director for the Center for Liquefied Natural Gas (CLNG), focused on effectively advocating on behalf of the LNG industry. As Executive Director, Riedl works with CLNG member companies, regulators, legislators and other key stakeholders to provide credible and educational information about the economic and environmental benefits of LNG. Charlie has testified in both chambers of the United States Congress on the importance and benefits of LNG exports.

Prior to joining CLNG, Charlie worked at America's Natural Gas Alliance (ANGA) and at a major exploration and production company in various roles focused on natural gas market development and government relations. Charlie's experience in the natural gas industry includes regulatory, upstream production, downstream and pipeline development projects, as well as natural gas as a transportation fuel.
