### **Center for LNG Announces Sponsorship of National Safety Effort TRANSCAER®**

*CLNG Joins TRANSCAER® to Help Promote LNG Safety Education and Awareness*

(Washington, D.C.) – The Center for LNG (CLNG) today announced its sponsorship of the [Transportation Community Awareness and Emergency Response](#) (TRANSCAER®) organization, a national voluntary outreach effort dedicated to improving safety awareness and education for communities, first responders, and others. TRANSCAER® offers educational and training materials for first responders, classroom and hands-on training, technical information, emergency planning assistance, support for community drills and exercises and participates in a wide variety of national conferences and workshops.

Speaking on behalf of the Center for LNG (CLNG), Executive Director Charlie Riedl said:

“Our sponsorship of TRANSCAER® is a natural outgrowth of our member companies’ steadfast commitment to safety. Safety is the number one priority of the LNG industry. We look forward to working with TRANSCAER® and the opportunity to build awareness in key communities of LNG and its properties and how it will be used here and around the world.”

Speaking on behalf of TRANSCAER®, Keith Silverman, chairman of the National TRANSCAER® Task Group and vice president global operations, quality and EHS at Ashland. said:

“Safety education is vital to ensure first responders and project operators are aware of best practices. This partnership will help create a safer LNG industry and an opportunity to educate stakeholders on important issues.”

####

The Center for Liquefied Natural Gas (CLNG) advocates for public policies that advance the use of liquefied natural gas (LNG) in the United States, and its export internationally. A committee of the Natural Gas Supply Association (NGSA), CLNG represents the full value chain, including LNG producers, shippers, terminal operators and developers, providing it with unique insight into the ways in which the vast potential of this abundant and versatile fuel can be fully realized.
